

The Hatteras 80 Motor Yacht

A Higher Standard Of Luxury

Step aboard the Hatteras 80 Motor Yacht and you'll instantly recognize a world-class design unlike any other on the market. That's because it was created by the most qualified group of experts we could find – Hatteras customers. While the Hatteras team of engineers and craftsmen put the lines to paper and executed the project to perfection, the 80's true magic comes from the intuitive input of experienced yachtsmen who demanded more. More entertainment spaces. More luxurious appointments. More alternative layouts. More sophisticated systems. More style. That's exactly what the 80 Motor Yacht delivers – more of everything that counts to discerning yachtsmen.

Boaters the world over enjoy being on the water to enjoy the view, and this Hatteras let's you do just that. The 80MY maximizes your time outdoors with an expansive flybridge that includes a full davit and upper navigation station with an

electronics suite and touch-screen systems monitor. The open flybridge includes distinct social areas centered around a wet bar to port that includes three bar stools, refrigerator, sink and icemaker. Opposite and aft of the bar are two opposing L-shaped settees. Sun worshippers will appreciate the aft sunpad (a hot tub is available as an option), while backyard chefs will enjoy the double-burner electric grill. Molded-in

“Step aboard the Hatteras 80 Motor Yacht and you'll instantly recognize a world-class design unlike any other on the market.”

steps lead down to the large aft deck, where a table and molded lounge provide the perfect setting for alfresco dining. And when you're ready to ply in the water, twin stairs on either side lead to the sport deck below.

Like all Hatteras models, the 80 is founded on a solid fiberglass bottom that includes sturdy support in key areas like the hull tunnel, shaft log, and strut locations. Divinycell coring is infused into the hull sides, decks, and superstructure to add stiffness and reduce weight. The hull also benefits from a variable-deadrise shape with large propeller tunnels for a reduced draft and increased efficiency. And it all comes with a boatbuilding pedigree that has made Hatteras a leading name in motor yachts for 50 years.

Make Yourself At Home

After you've enjoyed the view from the 80's multiple vantage points, the first thing you will notice as you pass through the aft deck sliding doors is the vast salon. Custom furnishings include a sectional sofa with storage, club chairs, dining table and chairs, china cabinet and more, all complemented perfectly by the genuine wood veneers in either a satin or high-gloss finish. Custom-designed valances with silhouettes provide elegant treatments for the large frameless windows.

“Hatteras also includes a generous china allowance as standard along with a beautiful china cabinet in which to store your fine dinnerware.”

Throughout the compartment, triple bullnose moldings, decorative headliners and soffits, strategic lighting and elegant columns all reflect Hatteras' commitment to the finest of interior finishes. The salon also features a full entertainment center with standard flat-screen TV, and a full sunken wet bar to starboard is also available as an option.

In the galley, the need for functionality is met in tasteful fashion. All countertops and backsplashes are granite for easy cleanup, and the Amtico strip flooring provides the beauty of teak and the ability to withstand the worst of spills. Appliances include a dishwasher, trash compactor, upright refrigerator, microwave, full-size oven and four-burner ceramic cooktop.

Luxury Abounds

The crown jewel of the 80 Motor Yacht is the full-width master stateroom that benefits from the yacht's significant beam and six oversized portlights. The combination of spaciousness, natural light and water-level view will stun all who step through its sketch-face door. The master features a king-size berth with coil-spring mattress and cedar-lined storage beneath. Arched doorways and beautiful wood cabinetry dress up the compartment. Cedar-lined wardrobes offer generous stowage and house an electronic safe. An LCD TV with DVD player provides entertainment options.

Aft of the master stateroom lies the master head, which features stone flooring, countertops and shower.

“The combination of spaciousness, natural light and water-level view will stun all who step through its sketch-face door.”

An optional arrangement includes a his-and-hers head with vanity, separate entry and a shared shower.

Family and friends receive VIP treatment in the primary guest stateroom to port. A queen-sized berth is fitted with coil-spring mattress and plush linen treatments, with storage accessed via pneumatic rams below. Multiple drawers and cabinets along the hull side and bulkhead offer plenty of stowage, while a full-length mirror fascia and single portlight brighten up the compartment. The private head features stone flooring and countertops, as well as a soaking tub with sliding door.

Additional guests will enjoy the roomy bow stateroom with queen-size berth as well as the starboard stateroom that offers an array of bunk options. Both feature private heads with large shower stalls.

“She’s a beautiful, well-appointed yacht with sumptuous living accommodations that are second to none. This boat effectively bridges the gap between large motoryachts and megayachts.”

– Power & Motoryacht

Take The Wheel

Standard features on the 80 Sky Lounge include single-lever electronic controls, a standard electronics suite along with Hatteras' computerized monitoring system. Two elevated helm chairs provide 360-degree visibility through frameless windows. Aft of the helm, a raised riding seat and a pedestal table provide room for the entire family to enjoy an evening on the water.

“Aft of the helm, a raised riding seat and a pedestal table provide room for the entire family to enjoy an evening on the water.”

Located portside of the helm station is a desk with drawers and large chart flat, while a wet bar with icemaker and refrigerator sits aft, along with a 32-inch LCD TV and entertainment center. The port aft window is electrically actuated, allowing the entire area to open to the aft bridge deck, providing fresh air and increased entertainment space. Outside is a large boat deck, built-in fiberglass lounge seat with storage, electric grill, solid-surface table and direct access to the aft deck below.

Engine Options

Twin CAT C32A Diesel Engines	1600 BHP
Twin CAT C32A Diesel Engines	1800 BHP
Twin CAT C32A Diesel Engines	1900 BHP
Twin MTU 16V2000 Diesel Engines	2000 BHP
Twin MTU 16V2000 CR Diesel Engines	2400 BHP

Standard Equipment

Exterior Finish / Construction

- Isophthalic gelcoat, exterior layer, white
- Blister resistant vinylester resin in hull bottom skin coat
- Hull and superstructure painted with a premium linear polyester/polyurethane coating for improved cosmetics & increased durability
- Polymer/copper based anti-fouling bottom paint
- Boot stripe, linear polyester/polyurethane coating
- Decks, non-skid surface, polyurethane paint with polymeric beads
- Solid fiberglass hull bottom with premium vinylester resins
- Hull sides and superstructure laminated with PVC foam core and premium vinylester resins
- Fiberglass stringers
- Steel laminated into longitudinal stringers at key locations to create engine foundations
- Bulkheads, athwartships and interior decks of resin-infused composite construction using PVC foam core

Hardware & Miscellaneous

- Wood bulkheads, cabinetry and trim with a satin or high-gloss polyester finish in cherry or African mahogany
- All hardware polished chrome with brushed chrome in galley
- Welded and polished 316L stainless-steel anchor chute and roller
- 110 pound plow anchor, anchor line and deck hawse pipe
- Windlass, Maxwell VWC-4,000 pound hydraulic with 300 feet of acculoy hot dipped galvanized chain with deck mounted control switches
- Integrated hydraulic digital 35 hp thruster/stabilizer system with 7.5 square foot fins
- Six polished stainless-steel springline cleats with chafing strips, through-bolted in aluminum backing plates
- Polished stainless-steel bow cleats, through bolted in aluminum backing plates
- Polished stainless-steel stern cleats, through bolted in aluminum backing plates
- Polished 1 1/4" stainless-steel rails on bow,

- side-deck and flybridge, drilled and tapped in aluminum backing plates
- Fog bell
- Dual air horns
- Zincs on rudders and shafts
- Stern staffs with ensign
- Black braided mooring lines (6)
- Alloy 22 high strength propeller shafts, 4"
- Manganese bronze driplless rudder seals
- Driplless shaft seals
- Life jackets (12)
- Life ring
- Portable "drychem" and fire extinguishers (13), U.L. approved type in compliance with United States Coast Guard and ABYC standards
- Stainless-steel trim tabs
- Integral manganese bronze struts
- Stainless-steel rudders
- Propellers, Nibral high performance
- MarQuipt Tide Ride eight step sea stairs with storage brackets
- Central vacuum with five outlets
- MarQuipt davit, 1500 pound, fully hydraulic, 126" boom
- Freshwater wash down, bow, with Hatteras patented quick disconnect
- Black fenders (4)
- Deck plates for fuel and water fills and waste pump-out
- Heavy duty engine couplings
- Engine and generator exhaust exits through hull side near transom
- Generator exhaust, water separator
- Anchor locker on bow deck
- 1400 GPD watermaker
- Deep storage port and starboard, bow trunk

Engine Compartment & Bilge

- Water manifold blocks with centralized shut-off valve for sinks and showers
- Pultruded fiberglass rudder shelf with stainless-steel rudder tie bar
- AC fluorescent lights
- DC lights

- DC ventilation blower
- Twin diesel, freshwater-cooled main engines with electrically controlled marine gears, neutral interlocks, exhaust silencers, engine hour meters, alternators, fuel filters and seawater strainers
- FM200 fixed fire extinguishing system for engine/generator compartment with automatic and remote manual controls plus audible and visual discharge signals
- Two AC ventilation fans
- Two 27.5kW freshwater-cooled Electronic Quiet Diesel Onan generators(D) with shock mounts, sound enclosure, remote start, seawater strainer, fuel/water separator, hour meter, and water lift muffler
- Pressure and temperature controlled forced air induction system with water separators for engine combustion air and fans ducted from flybridge
- Polyethylene water lines
- Electric fuel transfer system with filtration and dry tank protection for pump (2)
- Freshwater fill hose for engines and generator
- AC compressed air system with air line and regulator
- Dockside water inlets with pressure regulating valve, automatic dockside tank fill and Hatteras patented quick disconnect
- 24-volt DC bilge and sump pumps, six at 3700 gph, one at 2200 gph with heavy-duty float switches and protective guards

Engine Compartment & Bilge (cont.)

- Bronze/chrome ball-valves through-bolted in solid fiberglass on all underwater through hull fittings with electrical bonding throughout
- Pressurized 230 volt AC freshwater pump
- Water heaters one 30 gallon, one 20 gallon midship and one 6 gallon aft for crew
- U.L. Marine-listed fiberglass fuel tanks constructed with fire retardant resin with bronze fittings and coated with fire retardant paint
- Fiberglass water tanks, constructed with bronze fittings and materials which comply with the requirements of Title 21 for food and drugs.
- Fiberglass holding tanks, constructed with bronze fittings and 24-volt DC sewage pump, plumbed for dockside pump-out, with 3/4 full display and alarm as part of systems monitor programmable logic controller
- 110-volt AC oil changing system for engines, generators and gears with Hatteras patented quick disconnect
- U.L. Marine-listed fuel filter/water separator, generators
- Sealed shower sump, two each
- U.L. Marine-listed duplex fuel filters/water separators with bypass manifold, engines
- Electric fuel priming pumps, 24-volt DC, engines
- Welded and polished stainless-steel overhead grab rails
- Painted polyurethane engine room and bilges
- United States Coast Guard type A1 U.L. Marine approved fuel lines
- Discharge sea chests, 5
- 1" stainless-steel steering tie bar with pivoting self-aligning ball joint connection at all cylinder and tie bar connections
- Insulation in deck
- Gray water tanks, (2) plumbed, 126 gallons each, with 230 volt AC sewage pump, plumbed for dockside pump-out with 3/4 full display and alarm as part of systems monitor
- Pick-up sea chests
- Digital monitoring for main engines
- Start / stop switches and hour meter
- Aluminum work bench forward and to starboard of engine

Electrical Systems

- Two 24 volt banks of heavy-duty, 12 volt marine batteries (4) mounted in fire retardant fiberglass boxes
- U.L. 1426 listed boat cable, tin coated with insulation
- Gel/lead acid compatible 240 volt automatic programmable battery charger, 50/60Hz
- Automatic battery paralleling system with switch at control console
- Two 240 volt, 100 amp, transformer connected retractable shore cords, covered by hatch, with over-current protection and wireless remote control (bow deck)
- AC and DC lights and fixtures
- AC duplex outlet(s) with ground fault protection
- Battery control panel with fuses and isolation switches
- DC electronics panel with magnetic circuit breakers
- AC and DC distribution panels with magnetic circuit breakers
- AC switching panel with source selector switches, volt meter, ammeter, frequency meter, generator start/stop controls, and distribution panel selector switches
- Navigation lights
- Ground fault protection on AC receptacles and AC lighting circuits
- Chilled water air conditioning, (2) 4-ton, with reverse-cycle heating, with soft starting AC compressors
- TV antenna, omni-directional
- SSB radio ground screen laminated in cabin top

Flybridge & Bridge Deck

- Computer controlled ethernet monitoring system with LCD touch screen display providing visual and audible signals for engines, gears, generators, high bilge water, fire warning in engine compartment, fire extinguisher discharge in engine compartment, AC power loss, smoke detectors, all tank level indication, low battery voltage, alternator failure, battery charger failure, bilge pump control and run indication, holding tank pump control and run indication, and carbon monoxide detectors. A history log is maintained for critical alarms and trends may be set up to

view various parameters with respect to time. Additional monitoring points may be added to the system economically and easily.

- Northstar 6101i GPS/plotter, Icom VHF, Simrad autopilot repeater, Furuno RD30 depth and temp
- Welded and polished stainless-steel grab rails and stanchions
- Two lounges with vinyl-covered polyfoam cushions and storage underneath
- Framed glass windshield
- Control station with necessary switches
- Painted (polyurethane) aluminum framed radar arch with mast, dual radar platform, and anchor light
- Compass with dimmable light
- Single-lever clutch and throttle controls (electronic) with emergency back-up and engine synchronization
- Hydraulic power-assisted steering
- Two (2) adjustable helmchairs
- Sliding door to galley
- DC AM/FM stereo receiver with CD player and speakers
- Wet bar with sink, refrigerator, icemaker and three barstools
- Stairs from pilothouse to bridge
- Molded-in stairs to aft deck with hatch
- Neutral interlock switches allowing engine to start in neutral only
- Fuel level gauges
- Instrument cover
- Freshwater wash down with Hatteras patented quick disconnect
- Storage under control console with DC lighting
- Solid-surface table with stainless-steel pedestal
- Sunpad with storage underneath
- Cabinet with Gaggenau double electric grills and storage

Optional Enclosed Flybridge (F)

- 229 square foot boat deck
- Computer controlled ethernet monitoring system with LCD touch screen display providing visual and audible signals for engines, gears, generators, high bilge water, fire warning in engine compartment, fire extinguisher discharge

in engine compartment, AC power loss, smoke detectors, all tank level indication, low battery voltage, alternator failure, battery charger failure, bilge pump control and run indication, holding tank pump control and run indication, and carbon monoxide detectors. A history log is maintained for critical alarms and trends may be set up to view various parameters with respect to time. Additional monitoring points may be added to the system economically and easily.

- Northstar 6101i GPS/plotter, Icom VHF, Simrad autopilot repeater, Furuno RD30 depth and temp
- Welded and polished stainless-steel rails and stanchions
- Elevated L-shaped lounge with storage to port, lounge to starboard
- Stone table with stainless-steel pedestals (choice of standard stone options)
- Two (2) adjustable helmchairs
- Lounge with storage on flybridge's port aft deck
- Fixed frameless windows and windshield with safety glass
- Intermittent electric windshield wipers/washers with controls
- Padded vinyl chart flat
- Forward control station with all necessary switches, single-lever electric clutch and throttle controls, synchronizer, back-up controls, power assisted steering, compass and electronic console
- Starboard fold-down wing station on boat deck
- Carpeting

- Wet bar with refrigerator, icemaker and bottle and glass storage
- Electric aft window, port
- 32" LCD TV
- DC AM/FM stereo receiver with CD/DVD player and speakers
- Sliding door
- AC duplex outlet(s) with ground fault protection
- Fabric headliner installed on track system for service access
- Storage lockers, port and starboard
- Carbon monoxide detector
- Smoke detector

Optional Lower Helm (F)

- Computer controlled ethernet monitoring system with LCD touch screen display providing visual and audible signals for engines, gears, generators, high bilge water, fire warning in engine compartment, fire extinguisher discharge in engine compartment, AC power loss, smoke detectors, all tank level indication, low battery voltage, alternator failure, battery charger failure, bilge pump control and run indication, holding tank pump control and run indication, and carbon monoxide detectors. A history log is maintained for critical alarms and trends may be set up to view various parameters with respect to time. Additional monitoring points may be added to the system economically and easily.
- Control station with all necessary switches

- Integrated controls (electronic) with emergency back-up and engine synchronization
- Compass with dimmable light
- Hydraulic power assisted steering
- Intermittent electric windshield wipers/washers with controls
- Electric defogger
- Northstar 6101i GPS/plotter, Icom VHF, Simrad AP2504 autopilot repeater, Furuno RD30 depth and temp
- Helm seat (Pompanette)
- Elevated lounges with stone surface table (2) and stainless-steel pedestals (choice of standard stone options)

Sport Deck

- Freshwater wash down outlet with hose connection
- Welded and polished removable stainless-steel hoop rails
- Hot/cold hand-held shower
- Molded-in fiberglass steps with DC lights to aft deck
- Pop-up cleats (2)
- Swim platform with stainless steel re-boarding ladder
- Watertight door to crew quarters and engine room

Galley

- Amtico vinyl flooring
- Fabric headliner installed on track system for service access
- Fixed frameless windows with tinted safety glass
- Stairwell to flybridge (Enclosed flybridge)
- Lighted curved stairway and sliding door to flybridge (Open flybridge)
- Microwave/convection oven
- AC and DC lights and fixtures
- AC dimmable lights
- AC duplex outlet(s) with ground fault protection
- Genuine wood inserts on appliance fascias (except refrigerator) with satin or high-gloss polyester finish
- Amplifier, speakers, and volume control integrated with Bose salon stereo
- AC duplex outlet(s) with ground fault protection
- AC lighting in hardtop
- Steps to side decks, port and starboard
- Door with stairwell to crew's quarters/engine room
- Teak table with cover
- Fold-down wing station port side
- Amplifier, speakers, and volume control integrated with Bose salon stereo
- Stone table with stainless-steel pedestals (choice of standard stone options)
- Pantograph doors with locks, port and starboard, to side decks

- Stone countertops and backsplash with stainless sinks and storage cabinets made of finished wood (choice of standard stone options)
- Upright AC refrigerator with freezer and icemaker
- AC four-burner ceramic cooktop
- One-half hp continuous feed garbage disposal
- HVAC control
- Smoke detector
- Carbon monoxide detector
- Dishwasher
- Trash compactor
- China/crystal/flatware storage and allowance, \$10,000
- Oven

Salon

- Carpeting
- Fabric headliner installed on track system for service access
- Custom designed decorative wood valance with silhouettes in recessed pockets
- Welded and polished curved stainless-steel sliding door to aft deck
- Buffet Cabinet
- China Cabinet
- 42" LCD TV
- Bose Lifestyle 35 home theater with AM/FM, CD/DVD, and surround sound speakers
- Icemaker
- Fixed frameless windows with tinted safety glass
- AC and DC lights and fixtures
- AC dimmable lights
- AC duplex outlet(s) with ground fault protection
- Custom sofa with storage
- DC low level lighting behind salon valances, port and starboard
- Coffee table
- Two club chairs
- Carbon monoxide detector
- Smoke detector
- HVAC control
- Formal dining table with six chairs
- End table (2 tables with enclosed bridge option)
- Wet bar with bottle and glass storage
- Decorative soffit design in headliner with wood accents

Lower Forward Companionway

- Carpeting
- Fabric headliner installed on track system for service access
- Fabric covered hullside(s) and bulkhead(s) installed on track system for service access
- Flush panel doors with door stops to staterooms and head(s)
- Lighted stairway to salon
- DC light fixtures
- Washer/dryer
- Cedar-lined linen storage locker

Master Stateroom

- Carpeting
- Fabric headliner installed on track system for service access
- Fabric covered hullside(s) and bulkhead(s) installed on track system for service access
- King-sized berth with upholstered headboard and cedar-lined storage underneath
- Upholstered berth base
- HMC System 1 mattress, spread, throw pillows, pillows, pillow shams, mattress pad and sheets
- Cedar-lined wardrobe(s) with automatic lights
- Nightstands with drawers
- Dressers with drawers, port and starboard
- 32" LCD TV
- Bose 3-2-1 GS with AM/FM and DVD/CD with speakers
- Full-length mirror
- AC and DC lights and fixtures
- AC dimmable lights
- DC low level lights
- AC duplex outlet(s) with ground fault protection
- Private access to head
- Smoke detector
- Carbon monoxide detector
- Decorative wood valance with fixed Roman shade and duettes
- HVAC control
- Ventilating portlight with screen and five additional fixed portlights; each hatch is 16" x 28"
- Safe

Bow Guest Stateroom

- Carpeting
- Fabric headliner installed on track system for service access
- Fabric covered hullside(s) and bulkhead(s) installed on track system for service access
- Queen-sized tapered berth with upholstered headboard, drawer, and cedar-lined storage underneath
- Upholstered berth base
- HMC System 1 mattress, spread, throw pillows, pillows, pillow shams, mattress pad and sheets
- Cedar-lined hanging locker with automatic light, port and starboard
- Nightstands, port and starboard
- 19" LCD TV
- Bose 3-2-1 GS with AM/FM and DVD/CD with speakers
- Full-length mirror
- AC and DC lights and fixtures
- AC dimmable lights

Hatteras 80MY | Standard Equipment

Bow Guest Stateroom (cont.)

- DC low level lights under berth
- AC duplex outlet(s) with ground fault protection
- Private access to head
- Smoke detector
- Carbon monoxide detector
- Fluted wood valance with air conditioning dispersed through soffits, port and starboard
- HVAC control
- Screened overhead hatch with privacy cover
- Overhead storage cabinets, port and starboard
- Steps to bow stateroom with DC low level lights

Port Guest Stateroom

- Carpeting
- Fabric headliner installed on track system for service access
- Fabric covered hullside(s) and bulkhead(s) installed on track system for service access
- Queen-sized tapered berth with upholstered headboard and cedar-lined storage underneath
- Upholstered berth base(s)
- HMC System 1 mattress, spread, throw pillows, pillows, pillow shams, mattress pad and sheets
- Cedar-lined hanging locker with automatic light
- Nightstands with drawers
- Dresser
- 19" LCD TV
- Bose 3-2-1 GS with AM/FM and DVD/CD with speakers
- Full-length mirror
- AC and DC lights and fixtures
- AC dimmable lights
- AC duplex outlet(s) with ground fault protection
- Private access to head
- Smoke detector
- Carbon monoxide detector
- Fluted wood valance with fixed Roman shade and duette with air conditioning dispersed through soffits
- HVAC control
- Ventilating portlight with screen
- Blanket lockers above berth and hullsides

Starboard Guest Stateroom

- Carpeting
- Fabric headliner installed on track system for service access
- Fabric covered hullside(s) and bulkhead(s) installed on track system for service access
- Criss / cross berths
- Upholstered berth base(s)
- HMC System 1 mattress, spread, throw pillows, pillows, pillow shams, mattress pad and sheets
- Cedar-lined hanging locker with automatic light
- Nightstand with drawers
- Dresser
- DC AM/FM stereo receiver with CD player and speakers
- Full-length mirror
- AC and DC lights and fixtures
- AC dimmable lights
- DC low level lights under berth
- AC duplex outlet(s) with ground fault protection
- Private access to head
- Smoke detector
- Carbon monoxide detector
- HVAC control

Master Head

- Stone flooring (choice of standard stone options)
- Fabric headliner installed on track system for service access
- Wallcovering
- Stone countertop, backsplash, and sidesplash with two undermount sinks (choice of standard stone options)
- Stone baseboards (choice of standard stone options)
- Stone shower with frameless door (choice of standard stone options)
- Storage cabinet with mirror
- Base cabinet to match interior finish with storage
- Towel bar
- Freshwater toilet
- 120 volt AC air freshener blower

- AC and DC lights and fixtures
- DC low level lights under toe kicks
- AC duplex outlet(s) with ground fault protection
- Plexi-mirror around upper cabinet
- Holding tank 3/4 full indicator light

Optional His and Her Master Heads (F)

- Includes standard master head features plus:
 - Additional frameless shower door
 - Additional storage cabinet with mirror
 - Additional plexi - mirror around upper cabinet
 - Additional towel bar
 - Additional Headhunter freshwater toilet

Guest Heads

- Stone flooring (choice of standard stone options)
- Fabric headliner installed on track system for service access
- Wallcovering
- Stone countertop, backsplash and sidesplash with porcelain undermount sink (choice of standard stone options)
- Stone baseboards (choice of standard stone options)
- Stall shower with door (bow and starboard)
- Tub with sliding door (port)
- Mirror
- Base cabinet to match interior finish with storage
- Towel bar
- Freshwater toilet
- 120 volt AC air freshener blower
- AC and DC lights and fixtures
- DC low level lights under toe kicks
- AC duplex outlet(s) with ground fault protection
- Plexi-mirror around upper cabinet
- Holding tank 3/4 full indicator light

Day Head

- Amtico vinyl flooring
- Plexi-mirrored ceiling

- Wallcovering
- countertop with porcelain undermount sink (choice of standard stone options)
- Hardwood baseboards
- Glass mirror above vanity
- Base cabinet to match interior finish with storage
- Towel ring
- Freshwater toilet
- 120 volt AC air freshener blower
- AC and DC lights and fixtures
- DC low level lights under toe kicks
- AC duplex outlet(s) with ground fault protection
- Holding tank 3/4 full indicator light

Crew Stateroom

- Carpeting
- Fabric headliner installed on track system for service access
- Fabric covered hullside(s) and bulkhead(s) installed on track system for service access
- Over/under berths port side and queen berth starboard side
- Upholstered berth base(s)
- HMC System 1 mattress, spread, throw pillows, pillows, pillow shams, mattress pad and sheets
- Cedar-lined hanging locker with doors and automatic light
- 19" LCD TV (Captain's stateroom)
- DC AM/FM stereo receiver with CD/DVD player and speakers (Captain's stateroom)

- Full-length mirror
- AC and DC lights and fixtures
- AC duplex outlet(s) with ground fault protection
- Smoke detector
- Carbon monoxide detector
- HVAC control

Crew Head

- Amtico vinyl flooring
- Fabric headliner installed on track system for service access
- Wallcovering
- Solid-surface countertop with integral sink and storage cabinet
- Stall shower with door and automatic sump pump
- Mirror
- Towel bar
- Freshwater toilet
- Recirculating fan
- AC and DC lights and fixtures
- AC duplex outlet(s) with ground fault protection
- Holding tank 3/4 full indicator light

Crew Area

- Amtico vinyl flooring
- Microwave/convection oven
- Refrigerator
- Stairwell from aft deck
- Watertight door from swim platform

Hatteras Express Limited Warranty

Hatteras Yachts warrants to the first retail owner of its 2012/13 model year yacht ("Hatteras Yacht") that it will repair or replace defects in material or workmanship that are reported within the applicable warranty periods, subject to the remedies, exclusions, and limitations set forth below.

Limited Ten-Year Structural Hull Warranty. Hatteras will repair any structural fiberglass hull defect as defined below, which is reported within ten (10) years from the date of the first retail sale. The "Hull" shall mean the single fiberglass molded shell and integral structure within that shell, including stringers and related structural reinforcements, all of which are below the hull flange (i.e. gunwale). A "Structural Hull Defect" shall mean a substantial defect in the Yacht's Hull which causes the Hatteras Yacht to be unfit or unsafe for general use as a pleasure craft under normal operating conditions.

Limited Hull Gel Coat Warranty. Hatteras will also repair defects that result in osmosis blistering of the exterior gel coat surface of the Hull laminate at or below the waterline which is reported within five (5) years from the date of the first retail sale.

Limited Two-Year Warranty on Specific Parts. Hatteras will repair or replace, at its sole discretion, any parts which are defective in material or workmanship, which are not covered by either the limited warranty referenced above or excluded in *What This Limited Warranty Does Not Cover* on this page, and reported within two (2) years from the date of the first retail sale.

Statute of Limitations. Any action for rescission or revocation against Hatteras shall be barred unless it is commenced within two (2) years from the date of accrual of such cause of action.

Sole Remedy. THE REMEDY OF REPAIR OR REPLACEMENT OF PARTS THAT ARE FOUND TO BE DEFECTIVE IN FACTORY MATERIALS OR WORKMANSHIP COVERED BY THIS LIMITED WARRANTY SHALL CONSTITUTE THE OWNER'S SOLE AND EXCLUSIVE REMEDY AGAINST HATTERAS FOR ANY CLAIMS WHATSOEVER OF ECONOMIC LOSS RESULTING FROM PRODUCT FAILURE. In no event shall any repair or replacement under this limited warranty exceed the fair market value of the owner's boat as of the date of the owner's claim. The terms and conditions contained herein may not be modified, altered or waived by any action, inaction, or representations, whether oral or in writing, except upon the expressed, written authority of a management level employee of Hatteras.

Other Limitations. EXCEPT AS SET FORTH HEREIN, THERE ARE NO OTHER WARRANTIES EITHER EXPRESS OR IMPLIED PROVIDED BY HATTERAS ON THIS YACHT. ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING IMPLIED WARRANTIES OF FITNESS AND MERCHANTABILITY ARE EXPRESSLY EXCLUDED. HATTERAS FURTHER DISCLAIMS ANY LIABILITY FOR ECONOMIC LOSS ARISING FROM CLAIMS OF PRODUCT FAILURE, NEGLIGENCE, DEFECTIVE DESIGN, MANUFACTURING DEFECT, FAILURE TO WARN AND/OR INSTRUCT, LACK OF SEAWORTHINESS, AND ANY OTHER THEORY OF LIABILITY NOT EXPRESSLY COVERED UNDER THE TERMS OF THIS LIMITED WARRANTY.

TO THE EXTENT REQUIRED BY LAW AN IMPLIED WARRANTY OF MERCHANTABILITY IS LIMITED TO THE DURATION OF THE RESPECTIVE EXPRESS LIMITED WARRANTIES STATED HEREIN. TO THE EXTENT ALLOWED BY LAW NEITHER HATTERAS, NOR THE SELLING DEALER, SHALL HAVE ANY RESPONSIBILITY FOR LOSS OF USE OF THE YACHT, LOSS OF TIME, INCONVENIENCE, COMMERCIAL LOSS, INCIDENTAL OR CONSEQUENTIAL DAMAGES. SOME STATES DO NOT ALLOW LIMITATIONS ON HOW LONG ANY IMPLIED WARRANTY LASTS, SO THE ABOVE LIMITATION MAY NOT BE APPLICABLE. SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATIONS OR EXCLUSIONS MAY NOT BE APPLICABLE. THIS WARRANTY GIVES THE OWNER SPECIFIC LEGAL RIGHTS, AND THE OWNER MAY ALSO HAVE OTHER RIGHTS, WHICH VARY FROM STATE TO STATE.

RETAIL CUSTOMERS IN THE EUROPEAN UNION (EU) MAY HAVE LEGAL RIGHTS UNDER APPLICABLE NATIONAL LEGISLATION REGARDING THE SALE OF CONSUMER GOODS WHICH ARE NOT AFFECTED BY THIS LIMITED WARRANTY. THE RETAIL CUSTOMER'S LEGAL RIGHTS UNDER ANY APPLICABLE NATIONAL LEGISLATION REGARDING THE SALE OF CONSUMER GOODS SHALL NOT BE AFFECTED. Information on authorized EU dealers may be obtained by contacting Hatteras at the address or phone number listed on this page.

What This Limited Warranty DOES NOT COVER.

1. Any yacht, which is not owned by the first retail owner.
2. Any yacht that has been altered or modified from Hatteras factory specifications.
3. Any yacht which has been salvaged or declared a total loss or a constructive total loss for any reason not covered by this Limited Warranty.
4. Engines, transmissions, controls, propellers, batteries, appliances, other equipment, accessories, or components not manufactured by Hatteras, or which carry their own individual warranties.
5. Gelcoats, paints, varnishes, or other finishes (including cracking, crazing or discoloration) fabrics, canvas, stainless steel, or any plated finishes.
6. Osmosis blistering if the original gel surface has been altered in any way, including repair, application of any coating other than marine anti-fouling bottom paint, improper surface preparation for paint, or excessive sanding or sandblasting.
7. Any yacht which has been misused, used in a negligent manner, used for racing, used for rental, charter, military or other Commercial Purposes (Commercial Purposes, as used herein, means a yacht with more than 50% usage for business or revenue-producing purposes), operated contrary to any instructions furnished by Hatteras, or operated in violation of any Federal, State, Coast Guard or other governmental agency laws, rules or regulations.
8. Any failure or defect caused by an accident, product abuse or misuse and any other failure to provide reasonable care and maintenance to the yacht in accordance with Hatteras specifications.
9. Any representation relating to weight, draft, speed, fuel consumption or any estimated performance characteristic.
10. Loss of time, inconvenience, rental charges, travel expenses, loss of use, dockage fees, towing and storage charges, loss of or damage to personal property, or other remedies not specifically allowed.
11. Any failure or defect caused by an act of nature resulting in damage, cost, or expense.
12. Any failure or defect arising from a previous repair made by a non-authorized

service provider, unless said repair was pre-approved by Hatteras.

13. Any Hatteras yacht initially sold at retail by a party other than an authorized Hatteras dealer.

To Obtain Warranty Service. You must contact an authorized Hatteras dealership within the applicable warranty period to obtain warranty service. All warranty work will be performed at an authorized dealership or at another repair facility that Hatteras selects. You are responsible for the expense associated with transporting the yacht to and from the repair facility.

1. Schedule an appointment with your Hatteras selling dealer to examine your Hatteras yacht.
2. The dealer must obtain pre-authorization from the Hatteras Service Department prior to making any repairs on your yacht. The dealer is obligated to follow any Hatteras direction for repair or replacement covered by this Limited Warranty.
3. Equipment, accessories, or components not manufactured by Hatteras Yachts, including but not limited to, engines, transmissions, generator sets, electronics, appliances and air conditioning, are subject to the applicable warranty of their manufacturer. Repair to any of these items will be handled by their authorized service dealer. Your Hatteras dealer will identify these service dealers upon request. Any assistance by Hatteras and/or its authorized dealers with regard to component warranties shall not constitute an adoption of the responsibilities of the original equipment manufacturer with regard to its warranties.
4. It is your responsibility to notify Hatteras of any boat being repaired by an authorized Hatteras dealer which has been at the dealership for fifteen (15) days, or of any claimed defect which was not corrected after one repair attempt. It is your responsibility to provide Hatteras an opportunity repair and replace on the terms of this Limited Warranty. If you are not satisfied with your service, give us notice of the problem and allow us an opportunity to resolve the issue. Any other communication necessary in connection with this warranty should be directed to:

Buyers Guide Footnotes

- (A) Right is reserved to make changes at any time, without notice, in prices, material, specifications and equipment. Orders are accepted subject to prices prevailing at time of shipment. Orders requesting any material and/or equipment which differ from that selected by Hatteras as standard or optional for this model will be considered a custom change and will require additional charges. Prices shown for many options may apply only if ordered prior to start of production. Once production begins, orders for such options may require additional charges due to non-standard installation requirements and/or lead times. In order to show equipment size and location, line drawing may include some optional items. Specifications, standard equipment and optional equipment effective with boats sold from August 1, 2011 through December 31, 2012 Hatteras Base Prices.
- (B) Length overall does not include the optional swim platform or bow pulpit unless specified.
- (C) Weight, draft, and freeboard are based on an estimate of model's displacement with largest engines available and all tanks filled. Heights are estimated with largest engines and all tanks empty. Actual figures will vary depending on production tolerances, equipment, supplies and stores on board, as well as operational and sea conditions. Capacities of tanks are estimated to be total capacity of all tanks normally furnished in this model. Usable capacities will vary depending upon conditions.
- (D) Generator is not intended to supply power for all standard and optional accessories simultaneously. Load must be limited to generator output rating.
- (E) One set of sheets includes: one bottom sheet, one top sheet, pillowcase(s).
- (F) Option must be ordered prior to start of production. Price shown reflects cost of scheduled installation requirements. A late request for this option will require an additional charge.
