

Why is Northstar fast and effective?

The Northstar team of knowledge professionals simplifies the paperwork and explains your coverage choices.

You're looking for a straightforward approach to insurance that gets you out on the water as soon as possible. We make sure that it all comes together quickly without ever sacrificing coverage.

Experience makes the difference.

While home, life, and auto insurance brokers know their own specialties, we are professionals in the world of boating. Full time in the marine industry, we understand the language and the special requirements that boaters are looking for. It just makes sense to choose Northstar.

Boat insurance. It's what we do!

## Get back on the water

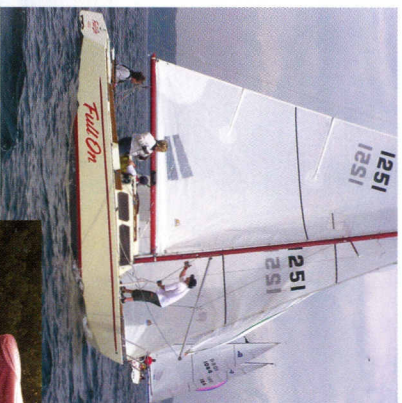

Claims can happen - that's why you have purchased marine insurance. When something goes wrong our goal is to ensure that every claim is settled quickly and fairly.

The summer flies by and every day counts. We'll expedite everything necessary to get repairs done ASAP so you can be boating again sooner.

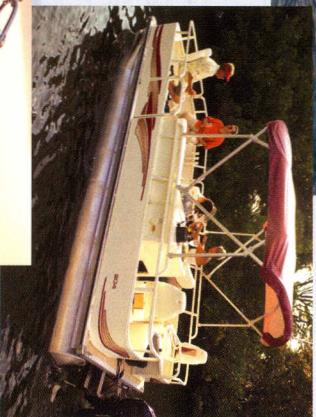

Being there for our clients. It's what we do!

## You pick the boat, we'll arrange the right insurance.

It's up to you! Whatever type and size of boat you choose, wherever your boating takes you, Northstar will build the package that properly meets your insurance needs.
