THIS FORM MUST BE SIGNED BEFORE WORK CAN BE PERFORMED - ALL ACCOUNTS MUST BE PAID IN FULL PRIOR TO LAUNCH

I hereby authorize the above repair work to be done along with necessary materials. You and your employees may operate vehicle for purposes of testing, inspection, or delivery at my risk. An express mechanic's lien is acknowledged on vehicle to secure the amount of repairs thereto. You will not be held responsible for loss or damage to vehicle or articles left in vehicle in the event of fire, theft, accident or any other cause beyond your control. The factory warranty constitutes all of the warranties with respect to the sale of this item/items. The seller hereby expressly disclaims all warranties, either expressed or implied, including any implied warranty of merchantability of fitness for a particular purpose, and the seller neither assumes nor authorizes any other person to assume for it any liability in connection with the sale of this item/items. If it becomes necessary for you to employ a collection agency to collect this account, I the undersigned agree to pay all court costs, late fees, plus reasonable attorney's fees and/or collection agency fee

CUSTOMER SIGNATURE _____ DATE _____

NOTES

1. All accounts must be paid in full prior to launch, including your Spring Launch work orders.
2. Boats were put on land according to the date you requested to be re-launched on your winter storage contract. Please make sure you have completed any work that needs to be done prior to this date. If you change this date, there may be a charge for relocating your boat. We will do our best to accommodate you. Due to uncontrollable forces (i.e. weather) Clarks Landing Marina cannot guarantee the exact date your boat will be launched.
3. It is the responsibility of the boat owner to inform Clarks Landing Marina if the boat was previously painted with Micron. Micron paint must be used again since it is the only paint that will adhere to previously painted Micron bottoms.
4. Boat bottoms will be painted the same color as the existing color with Interlux bottom paint. If you would like a different color or a special paint (which may be an additional charge), please indicate in the space provided under bottom paint on the front of the page. A half hour free scraping charge is included. If additional time is required, you will be notified.
5. Sandblasting is not permitted in Clarks Landing Marina.
6. NJ Department of Environmental protection requires the following procedures to be adhered to:
 - a. Use of tarps and vacuums to collect solid waste produced by boat bottom cleanings, sanding, scraping and painting. Non-toxic residues are to be double bagged and disposed of with a licensed hauler.
 - b. Waste oil disposed of through a licensed hauler. Clarks Landing Marina provides a tank for customer use via the Service Department. Oil filters are to be drained, dried, double bagged, and disposed of in regular trash.
 - c. Ethylene glycol (permanent antifreeze) must be recycled. It cannot be discharged on the ground or in the water.
 - d. The trash bins at Clarks Landing Marina are only for trash generated while at the marina. Please do not bring your trash from home and empty it into our bins. There is a fine for doing so. If you are caught or seen on video surveillance dumping any kind of haz-mat, you will be responsible for any and all penalties and fines.

Note: Clarks Landing Marina has the right, but not the obligation to clean up any violations and bill the responsible party accordingly.
7. Does not include installation of bimini tops or enclosures.
8. Consists of adding some water to the tank and test that system pressurizes and pump works.
9. With the outdrive and outboard painting, if necessary, the first half hour of scraping and sanding will be FREE. However, any additional time will be billed out as time and material.
10. The tune-up price includes adjusting carburetor/set timing/installing spark plugs. The price does not include launch and test run. Therefore, if needed, customer will be billed for labor only on test runs.
11. We will not commission any engine not winterized by Clarks Landing Marina.
12. Temporary slip tie-up: Customer does not have to be present at time of launch. Clarks Landing Marina will notify owner when boat is launched and moored in slip. Owner to secure lines within 24 hours of notification. Mooring lines must be in boat prior to launch date. If lines are missing or in questionable condition, new lines will be installed (2 bow, 2 stern, 2 spring lines) and billed to the customer.
13. **A minimum of three (3) days prior to tentative launch date, boat owner must drop off a spare set of keys to ignition and all locks on-board.**

Please read and abide by all rules and regulations of Clarks Landing Marina. If you do not have a copy, please stop by and get one at the Marina Office.

Please call the Service Department if you have any questions.
