290 Amberjack®

2003

The aft transom wall features a convenient storage bin with concealed water and power hook-ups plus a removable bench seat which provides extra cockpit space and allows for clear access to the engine compartment when the gas-assisted hatch is lifted.

Having done its duty as a dining area, the dinette converts to a double berth at night. There's even an extra bunk in the mid-cabin area for additional guests.

The fully equipped galley features a fiberglass countertop, dual-voltage refrigerator, microwave and sink with hot and cold water.

If it is indeed true that three-fourths of the earth is covered with water, then it follows that the 290 Amberjack is Sea Ray's answer to the fervent prayers of both sportfishermen and cruising enthusiasts alike. If you are a person who likes to do both, so much the better, for this sport cruiser has the comfort and performance — not to mention twin 5.0L MPI Bravo® III MCM stern drives — that will take you as far as you want to go.

The forward V-berth sleeps two adults and has a privacy curtain. There is plenty of storage in shelves and beneath the V-berth.

With the addition of an optional fishing package, the 290 Amberjack can become an angler's dream.

One feature in the optional fishing package is a bait prep station complete with livewell system.
